## Business in Spotlight

### *Business Friends!*

We all have them – people we meet in our business  
that are always there especially when the business  
is going through a difficult time –  
people who believe in you and  
what you are trying to achieve.

I wish we could list them down so  
everyone can know these great people!

Over the last two years I have made many *Business Friends*  
– this has been the best part of the last two years – Thank you!

## Thank you!

To [JB Moss Limited](#) and [Smart Cookie Design](#) for the new website!

There was much to do in the first two years of setting up Kall Me Back  
– the 3<sup>rd</sup> year is all about delivering a more professional  
effective service and  
rewarding clients who have stuck with you!

***I cannot wait!***
